Pictured above: The customer has built fencing extending out from the horse shelter to create a yard that their horse can go in to.

Testimonial:

When it come to getting a stable and hayshed built for our 27 year old horse, Outpost were the logical choice. They understood our special requirements, nothing was a problem and they delivered on time. In fact, Outpost exceeded our expectations. We would thoroughly recommend Outpost to anyone looking for an animal shelter.
